This year celebrates the 30th anniversary of our Golf Classic, which supports the Y’s efforts to help those in the community who struggle financially, physically, and emotionally. Today, more than ever, individuals and families need a helping hand to get back on their feet. They need a place to belong and the support of those who care. They need the Y.

Since 1873, the Y has been nurturing the potential of children, improving health in our community, and giving back to neighbors. Among 5 branches serving nearly 30,000 members, the Y does more than strengthen individuals... it strengthens community.

In our communities, many individuals and families struggle financially and need a helping hand to get back on their feet. In 2019, our Y provided over $1.7 million in direct financial assistance and support of community programs that address critical social needs.

The generous contributions of sponsors, donors, players and guests enable us to support the increasing need in the community and allow us to transform lives.

Thank you for making a meaningful difference through your support of Greater Somerset County YMCA.
