

# 2023 COMMUNITY IMPACT REPORT

## GREATER SOMERSET COUNTY YMCA

For a better us.®

## HERE FOR GOOD

Dear Friends,

In 2023, we celebrated a historic milestone – the 150th anniversary of Greater Somerset County YMCA – an extraordinary journey marked by resilience, growth, and profound community impact.

This milestone is not just about the passage of time; it is a testament to the enduring commitment and support of individuals like you who have played an integral role in the success of our organization. Together, we have weathered challenges, celebrated triumphs, and, most importantly, worked hand in hand to create positive change that strengthens our community – always evolving, always innovating, and always striving for a better tomorrow.

Each day, with a steadfast commitment to equity, we work intentionally and purposefully to ensure that everyone has the resources, relationships, and opportunities that lead to a healthy, connected life. This fuels Greater Somerset County YMCA's mission and uniquely positions the Y to enrich individual lives while bringing people together. The Y is where community thrives.

We are delighted to present to you our Annual Community Impact Report, detailing the strides we have made over the past year. This report encapsulates the transformative initiatives, partnerships, and advancements that have shaped our impact, adaptability, and commitment to making a meaningful difference.

We invite you to join us in celebrating the remarkable 150 years of community impact and in envisioning the boundless possibilities that lie ahead.

Thank you for being a part of our legacy.

We are here for good.

Sincerely,

**Greg M. Romano**  
Board of Directors Chair

**David M. Carcieri**  
President & CEO

# FOREVER IN SERVICE

Greater Somerset County YMCA has been addressing important social issues that affect our children, families, health, and neighbors for 150 years. The Y is a vital, trusted, and respected community asset. With the help of many, we respond to critical needs with emphasis on marginalized, under-resourced, and under-served populations. Everything we do, at the Y, is rooted in our mission, goal, purpose, and commitment.

## OUR MISSION:

To help all people grow in spirit, mind, and body through programs and services that are ingrained in our core principles of caring, honesty, respect, and responsibility.

## OUR GOAL:

To improve overall health and well-being, ignite youth empowerment, inspire action, and demonstrate the importance of connections in and across the communities we serve.

## OUR PURPOSE:

To strengthen community by connecting all people to their potential, purpose, and each other through access to resources, relationships, and opportunities to learn, grow, and thrive.

## OUR COMMITMENT:

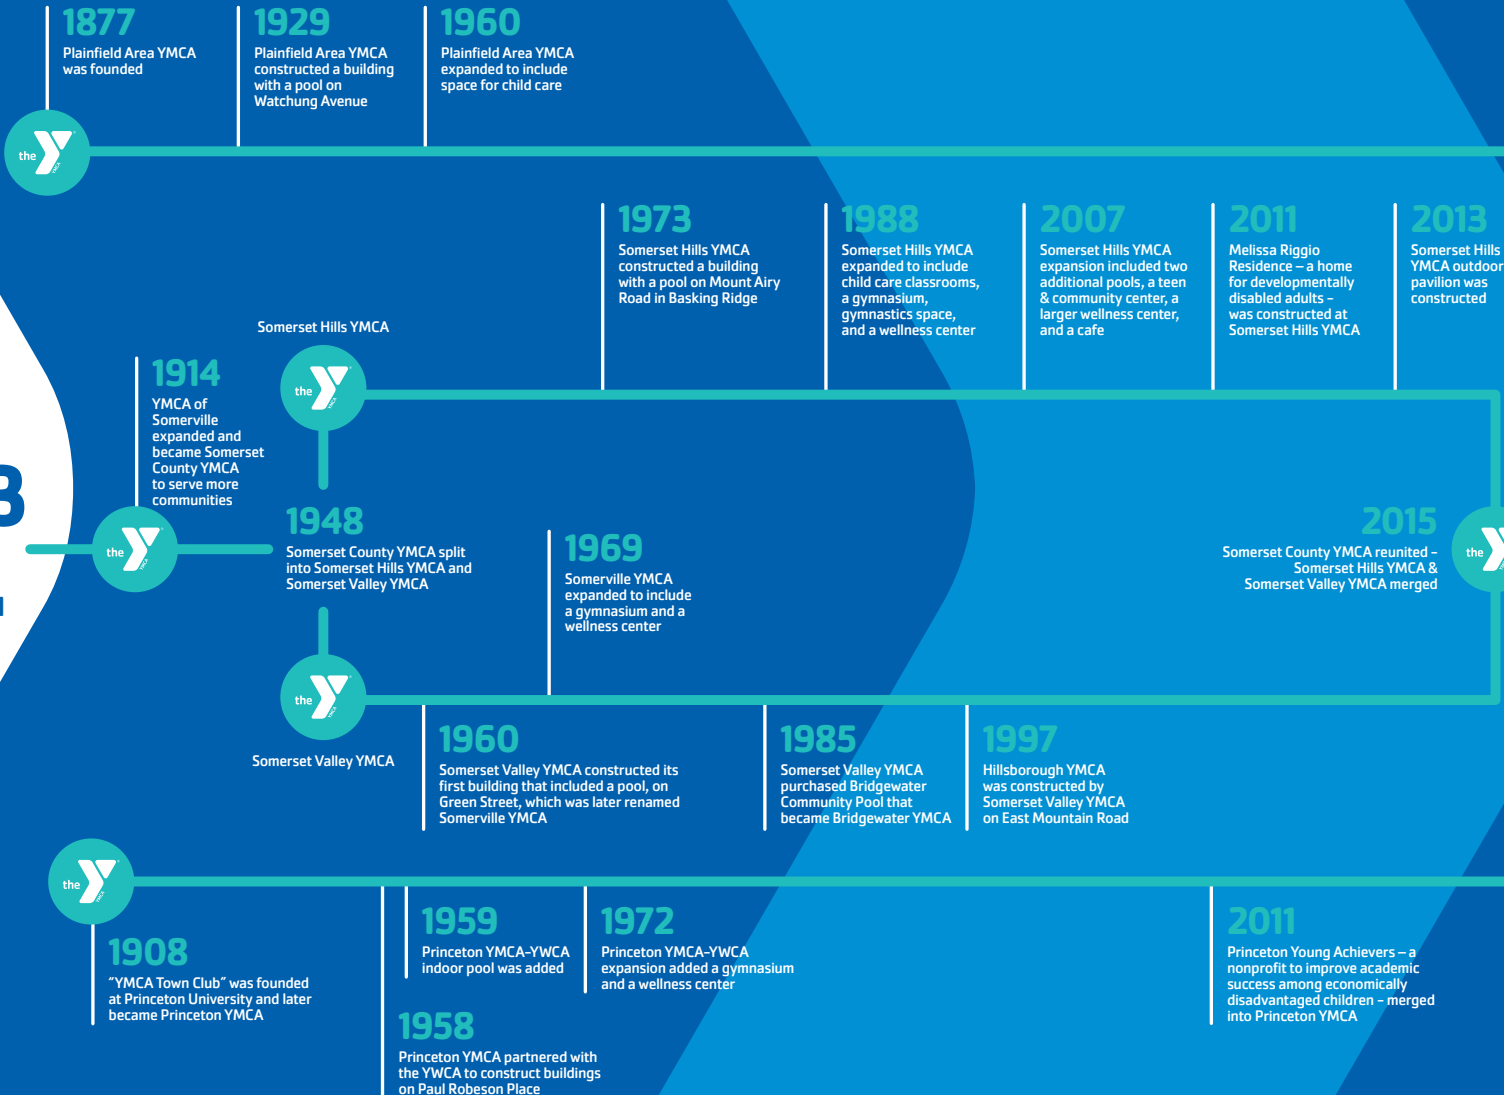

To ensure that everyone, regardless of ability, age, cultural background, ethnicity, faith, gender, gender expression, gender identity, ideology, income, national origin, race, or sexual orientation has the opportunity to reach their full potential with dignity.

In this Community Impact Report, we are pleased to share with you an overview of our strategic priorities, as well as highlights of our 2023 accomplishments.

Our robust history began with the YMCA of Somerville which expanded to Somerset County YMCA in 1914 to serve more communities. In 1948, Somerset County YMCA split into Somerset Hills YMCA and Somerset Valley YMCA. During 67 years of operating separately, both organizations continued to grow. Somerset Valley YMCA constructed Somerville YMCA, purchased the Bridgewater Pool that became Bridgewater YMCA, and constructed Hillsborough YMCA; while Somerset Hills YMCA built a facility in Basking Ridge and completed several expansion projects throughout the years. In 2015, the two Y organizations reunited as Somerset County YMCA following a unanimous vote by both Boards of Directors. Somerset County YMCA was awarded the Plainfield service area in 2019, launched programs in Franklin Township in 2020, and, in 2022, Princeton YMCA merged into the organization. The expanded service area precipitated a name change to Greater Somerset County YMCA to reflect all of Somerset County and parts of the surrounding counties. In 2023, we celebrated Greater Somerset County YMCA's sesquicentennial anniversary.

the   
**1873**  
 YMCA of  
 Somerville  
 was founded

With a growth mindset, an eye toward sustainability, and a commitment to best serving individuals, families, and communities, Greater Somerset County YMCA has embraced the following strategic priorities.

- Increase access to high-quality early childhood education for all children
- Expand partnerships to address academic enrichment, social-emotional learning, mental health, and trauma-informed programming
- Secure funding to expand programs that address drowning prevention, social isolation, workforce development, and tutoring

- Support equitable access to healthy and nutritious foods in communities and schools by leveraging government and community-supported programs
- Advance health equity and chronic disease management and prevention programs through collaborative partnerships
- Ensure access to programs, services, and resources that support overall health and well-being, particularly for under-resourced individuals and families

- Advance social justice, equity, diversity, and inclusion within our branches and communities to help everyone to thrive
- Strengthen volunteer opportunities and support through meaningful work that results in deeper community impact
- Preserve the Y's charitable mission for continued access to equitable, quality, and affordable programs and services

Plainfield Area YMCA, amidst financial trouble, ceased operations and sold their building. Somerset County YMCA acquired former Plainfield Area YMCA service area and began to offer vital programs like school age child care

## Somerset County YMCA received a charter for Plainfield YMCA and launched a summer camp program

**Somerset Hills YMCA completed an expansion of the Wellness Center, a new cycling studio, and 3 new multipurpose studios**

**Greater Somerset County YMCA launched programs in Franklin Township which would include school age child care, summer camp, and child care**

**Greater Somerset County YMCA celebrates 150 years of strengthening the community and is poised for continued growth**

Princeton YMCA  
merged into Greater  
Somerset County YMCA

**2019** Hillsborough YMCA advanced a renovation project to expand the wellness center, upgrade locker rooms, and create new classroom spaces

## Princeton YMCA completed an outdoor basketball complex

**Somerville YMCA  
completed renovations  
with upgraded pool, locker  
rooms & wellness center**

2022

Princeton YMCA  
merged into Greater  
Somerset County YMCA

**Hillsborough YMCA advanced a renovation project to expand the wellness center, upgrade locker rooms, and create new classroom spaces**

## Princeton YMCA & YWCA organized to divide buildings and operations

HERE FOR GOOD

# 2023 MISSION IMPACT HIGHLIGHTS

## SESQUICENTENNIAL CELEBRATION

On November 3, more than 250 guests attended the Sesquicentennial Gala to commemorate Greater Somerset County YMCA's remarkable 150-year history rooted in strengthening community. The event was also the occasion to honor 21 longtime Y advocates who were recognized for decades of services marked by leadership, dedication, influence, generosity and positive impact on the Y and the community. Our 150th anniversary was not only a time for reflection but also an opportunity to look forward to the future, as we chart the next chapter in our journey of service and growth. In today's fast-paced world, where the needs of our communities are ever-evolving, the Y plays an indispensable role in building resilient, compassionate, and thriving neighborhoods. Beyond offering vital services; the Y is the heart and soul of the community. It strengthens the social fabric by offering a sense of belonging, support, and hope to all.

## NEW CAMP DRAGONFLY

In the summer of 2023, we launched a new camp program called Camp Dragonfly. The two-week camp was designed for children, age 5 through 13, dealing with grief, trauma, or loss to provide them with a safe, welcoming, and caring environment to help them heal and grow. Our skilled staff, who were trained in trauma informed care, guided the children through each camp day full of fun activities and new friendships. All of the children enrolled had experienced a trauma such as the loss of a loved one, social isolation, and homelessness, to name a few. The camp was offered at no cost to the participants to further alleviate the stress on their families.

**18 children enrolled**  
**100% participated at no cost**

## SPECIAL NEEDS PROGRAMS

At the Y, our shared goal of removing barriers to ensure that everyone thrives is rooted in a belief that everyone deserves the opportunity to learn, grow, and live a healthy, connected life. We proudly offer programs for children and adults such as All Abilities Strength Training, the Special Olympics Swim Team, and Saturdays in Motion for children with autism and special needs. Our supportive staff creates a warm, welcoming environment that inspires participants to stay healthy, make friends, and have fun. In 2023, we were thrilled to see participation increase in these programs.

**332 participating children & adults**

## MEET HUNTER

"At a young age, Hunter was diagnosed with Duchenne Muscular Dystrophy and osteoporosis. Physical activity comes with inherent risk; even routine activities increase his chances of breaking a bone. So, Hunter has lived much of his young life sheltered at home and, usually, not enjoying the same experiences as other 9 year-olds. But, the past two summers were different. Hunter came to Y Camp, where children are encouraged to accept each other's differences. The counselors patiently helped Hunter throughout each day and inspired him to try new things and make new friends. Hunter has a very hard road ahead of him and, so, my wish for him is to enjoy being a kid for as long as possible. Y Camp allowed my grandson to be a kid and enjoy summer, despite all of his medical challenges - the best gift ever. All children deserve that opportunity." - Margret

## SUMMER OF DISCOVERY

Summer camp at the Y is a season of discovery and personal growth for kids. There is an abundance of opportunities for experiential learning that allow kids to broaden their horizons. Each day immerses our campers in activities that encourage them to unleash ingenuity, talents, and fun, all while making friends and lifelong memories. Our well-rounded approach enriches the whole child through social-emotional, academic, character, and physical development. Highlights from 2023 include the growth of our Camp SOAR program in Franklin Township, which more than doubled enrollment; a partnership with USA Triathlon to encourage campers to train for a "mini-tri"; and, expanded opportunities for children to improve their swim skills.

**2,283** campers across all branches

**1 in 5** campers received Financial Assistance

**25** campers trained, competed & completed a Mini-triathlon

**84%** of campers improved swim skills by 1-2 levels

## MENTORSHIP PROGRAMS

Mentors play a pivotal role in the personal and academic development of middle and high school students, offering invaluable guidance, support, and real-world insights during a critical period of growth. Over the past year, we have proudly served more students through programs that inspire bright futures. Enrollment grew significantly in our ACE (Accept, Compete, Excel) program, which is designed to reduce chronic absenteeism among students in grades 6-12 who are most at risk of falling behind. In addition, we launched Achievers, which is a career and college readiness program, also offered at no cost, to empower high school students to pursue their personal, academic, and professional goals. Program components include weekly meetings, college/career planning, internship guidance, and college tours. Through these programs we aim to be positive role models that demonstrate the importance of goal setting, hard work, resilience, and ethical decision-making.

**41** students in ACE

**27** students in Achievers

## WATER SAFETY

Swimming is a life skill that makes communities safer by preventing accidental drownings. We encourage children and adults, alike, to learn to be safe around water and develop strong swim skills. In addition to the Y's swim lessons, our no-cost Safety Around Water teaches essential knowledge and skills to help individuals of all ages to improve confidence and water safety. In the fall of 2023, we collaborated with Franklin Township's Board of Education to launch a pilot program that integrates our Safety Around Water lessons into the physical education curriculum for 2nd graders; a model that we hope to expand to additional school districts.

**632** participants in Safety Around Water

**5,078** children in Swim Lessons

**127** adults in Swim Lessons

## MEET MADISON

"My wife and I are so grateful to the Y for introducing our daughter, Madison, to swimming. Through the Y's program, she has become very excited to improve her swim skills. When she first started, the distance of the pool was daunting. But the Y's staff supported and encouraged her to go the distance. Teaching children how to swim is hugely important, and I am thankful Madison has this opportunity. It is building her confidence and will keep her safe. It is teaching her not only to go the distance in the pool, but also in life." – Robert

# EMPOWER YOUTH

Today's children are tomorrow's leaders, and developing future leaders has always been a pillar of the Y's work. We are committed to developing new generations of change-makers who will create communities we all want to live in – young people who grow into thriving adults and transform communities by influencing systems change, bridging social divides and giving back. Our youth programs inspire kids to build relationships, resilience, understanding, empathy and emotional maturity; to cultivate fundamental values of caring, honesty, respect, and responsibility; and to encourage positive behaviors for learning, work, and life to succeed now and in the future.

## 9,976 ACTIVE CHILDREN & TEENS

Throughout the year at the Y, children and teens are empowered to reach their full potential by exploring new interests, pursuing their passions, and connecting with family and friends. It is a safe haven where they can be, belong, and become.

## 1,354 YOUNG ATHLETES

Through our Swim Team, Gymnastics, Sports and Dance programs, kids learn discipline, set personal goals, hone their skills, experience sportsmanship, and gain camaraderie – all while having fun.

## 1,522 ENGAGED LEARNERS

Parents entrust their children to us while they work with peace of mind knowing that their children are safe, happy, and learning. In our Early Learning Readiness, After School Care, and Academic Enrichment Programs we promote educational growth, strengthen social-emotional competencies, and instill important values for life.

## 706 TEEN LEADERS

At the Y, teens benefit from leadership-building opportunities. In our Student Advocates program, high school students engage with our Branch Boards to support the Y's mission while summer internships and part-time employment offer valuable professional skills. Our Counselor in Training summer program and volunteer opportunities further inspire leadership among teens.

# IMPROVE HEALTH

Individual health is essential to a strong, thriving community. When we all work together to inspire wellness, the community as a whole benefits. In a world where much attention is on treating illness, we remain committed to improving individual and community health with emphasis on prevention. Through a holistic approach to wellness focused on strength in spirit, mind, and body, we provide the tools, resources, and support needed to live a healthy life at every age.

## 13,496 HEALTHY ADULTS

Throughout the year, the Y provides a supportive environment where adults find balance and improve overall wellness, thereby, achieving meaningful change in themselves and in their community.

## 89,453 FITNESS PARTICIPANTS

Through Group Exercise, Personal Training, Masters Swim, and other exercise programs, we guide, encourage and motivate adults to reach their wellness goals while improving their performance, health, and overall well-being.

## 2,491 CONNECTED SENIORS

To ensure seniors in our communities are living healthy, connected lives, we offer a robust array of activities for older adult members, including social events, fitness classes, educational opportunities, and more. Additionally, our staff often conducts outreach to check on their well-being, encourage them to engage in Y programs, and offer assistance as needed.

## 427 INDIVIDUALS MANAGING CHRONIC DISEASE

We help adults to prevent and manage chronic disease by improving health through programs such as our Diabetes Prevention Program, Total Parkinson's® to manage the disease, Memory Café for Alzheimer's and dementia, Enhance®Fitness to manage arthritis, and LIVESTRONG® at the YMCA to support cancer recovery.

# STRENGTHEN COMMUNITY

When we work together, we move individuals, families, and communities forward. Our Y has a deep history rooted in responding to society's most pressing needs by developing innovative, community-based solutions to help those in need to reach their full potential. By inspiring a spirit of service and bringing together people from different backgrounds, perspectives, and generations, we ensure that everyone has access to the opportunities, relationships, and resources necessary to learn, grow, and thrive.

## 20+ DEI INITIATIVES

The Y is a place where all people can find support, fellowship, and hope. In a spirit of unity and standing in support of all people, we expanded our diversity, equity, and inclusion initiatives to ensure the Y remains a safe space where all are welcome.

## 108,900+ MEALS PROVIDED

As food insecurity remains an ongoing concern locally, we continued our efforts to support the need. Through generous support of corporate partners and Y members, and in collaboration with local organizations, we provided meals to hungry neighbors and offered basic essentials through our Little Free Pantries available 24/7/365.

## 999 ACTIVE VOLUNTEERS

With a focus on social responsibility, the Y offers a host of important volunteer experiences for adults and teens. In 2023, devoted volunteers donated their time, talent, and service to advance the Y's mission, to help transform lives, and to strengthen community.

## 689 TRAINED COMMUNITY MEMBERS

In a commitment to improving community safety, we were pleased to offer important trainings that educate community members and save lives, including First Aid, CPR, Lifeguarding, and Babysitting.

# BETTER TOGETHER

## GRANT PARTNERS

The funders that invest in the Y help us to strengthen community through Youth Development, Healthy Living, and Social Responsibility. They see the Y as an agent of change working toward the benefit of all. Through their support, children reap the benefits of summer camp and accelerated learning; communities are safer through water safety programs; adults live healthier lives through chronic disease modifying programs; and, families have meals on their tables through food security initiatives. Along with our donors, these foundations and grantors help us move more surely toward our mission.

## COMMUNITY PARTNERS

At the Y, we work to empower young people, improve health and well-being, and inspire action in and across communities. Our community partners, along with our donors, bolster our mission and lift up under-resourced neighbors to help them thrive through the Y's vital programs and services. Together, we continue to drive transformative impact by finding solutions for local issues and moving community forward. We are honored by the trust and generosity of our corporate citizens.

## MEET PARISSA

"In my 20s, I learned that I had Stage 4 cancer. The diagnosis and treatments were a physical and emotional shock. I spent my life building muscle and even became a yoga instructor; but, in remission my muscles, joints, and whole body hurt. I tried rebuilding strength, but it caused muscle strain. Then I found LIVESTRONG at the YMCA. The program hugely improved my quality of life by making exercise accessible despite my physical limitations. The program helped me to regain strength, relieve stress, and rebuild my confidence. The Y invests in people and the community. The importance of the Y should not be taken lightly; it has truly changed my life." – Parissa

# FINANCIAL ASSISTANCE & COMMUNITY PROGRAM SUPPORT

Financial assistance and community program support ensure that our doors remain open to all. Our member dues and program fees support everyday operations. However, Greater Somerset County YMCA's mission-work relies on individuals, partners, businesses, and grant funders for philanthropic support, which is necessary to sustain financial assistance, charitable services, and provide access to people of all income levels. Awards for child care and school age child care allow single and dual-working parents to work with peace of mind. Camp scholarships provide kids with the opportunity to unleash the adventure in their hearts while building lifelong friends and memories. Membership awards and program assistance empower individuals and families to pursue their interests and stay healthy – regardless of an inability to pay. In addition to direct financial assistance, our mission-based programs meet critical, unmet community needs.

## 2023 DIRECT FINANCIAL ASSISTANCE AND COMMUNITY PROGRAM SUPPORT

## MEET JULISSA

"This summer, my three daughters and I arrived in the U.S. from the Dominican Republic. I've been so thankful for the Y and its programs. The Y helps my daughters manage a traumatic change through structure, kindness, fun, and friendships, and the Y allows me time to navigate our new life. I am incredibly grateful for the Y's financial assistance so my girls can participate in summer camp and child care – I know they are safe and well cared for. The Y is a place we feel welcome; a place we feel seen. And, through generous support of the Y, donors offer stability, love, and peace of mind." – Julissa

## MEET MINA

“Our daughter, Mina, was full of joy this summer. When she came home from camp each day, she excitedly told us how much she loved making new friends, doing arts and crafts, playing on the playground, and, most especially, swimming. It made me realize how important the Y is to our family. The Y’s swim lessons ensure Mina is safe. Also, the Y’s care of our daughter provides stability so my wife can work and so I can address my health issues. Without the Y’s financial support we would not have access to these programs that help our family. We believe the Y is helping to build a bright future for Mina. We are so grateful.” – Mohamad

# DEDICATED TO COMMUNITY

Greater Somerset County YMCA is a leading nonprofit committed to strengthening community by connecting all people to their potential, purpose and each other. The Y empowers everyone – no matter who they are or where they're from – by ensuring access to resources, relationships and opportunities for all to learn, grow and thrive. For information about Greater Somerset County YMCA and financial assistance, visit us at [www.gscymca.org](https://www.gscymca.org).
