## YOUR GIFT MAKES IT POSSIBLE... MEET HUNTER

"At a young age, Hunter was diagnosed with Duchenne Muscular Dystrophy and osteoporosis. Physical activity comes with inherent risk; even routine activities increase his chances of breaking a bone. So, Hunter has lived much of his young life sheltered at home and, usually, not enjoying the same experiences as other 9 year-olds. But, the past two summers were different. Hunter came to Y Camp, where children are encouraged to accept each other's differences. The counselors patiently helped Hunter throughout each day and inspired him to try new things and make new friends. Hunter has a very hard road ahead of him and, so, my wish for him is to enjoy being a kid for as long as possible. Y Camp allowed my grandson to be a kid and enjoy summer, despite all of his medical challenges – the best gift ever. All children deserve that opportunity."
